CRETE HAWG
Concrete Bucket

Patent Pending

RC Series

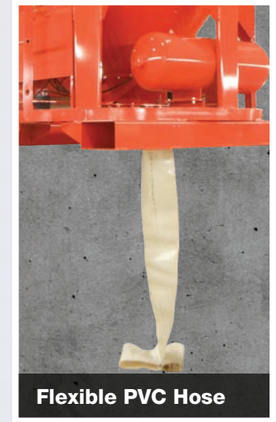
FS Series

FEATURES

- The Slide Gate System uses “wireless radio control technology” to open/close the air operated slide gate
- On board air tanks with the appropriate relief valves, tank drain valves, pressure gauge and air supply shut off ball valve
- On board 12 Volt electrical system
- On board battery SMART (maintainer) charger
- On board manual operation valves. (This is a redundant feature if electrical failure of any type should occur)
- All “Concrete Contact” steel is AR plate. (Abrasion Resistant)
- “Wear & Spare” parts are in stock for immediate delivery
- Keeps the operator positioned in a SAFE location. (No climbing required to operate a manual handle)
- Faster production cycles
- 1, 2, 3, 4 Cubic Yard Capacities are available
- Custom design CRETE HAWG concrete buckets are available

OPTIONS

Ladder



Flexible PVC Hose

Splash Cover
